# Welcome to Los Angeles

With a population of 3.8 million inhabitants, Los Angeles is not only the largest city in the State of California, ...

... it is also the most beautiful,

sprawling,

outrageous amalgamation of cultures

and personalities.

It's a city of contrasts, where world-famous celebrities

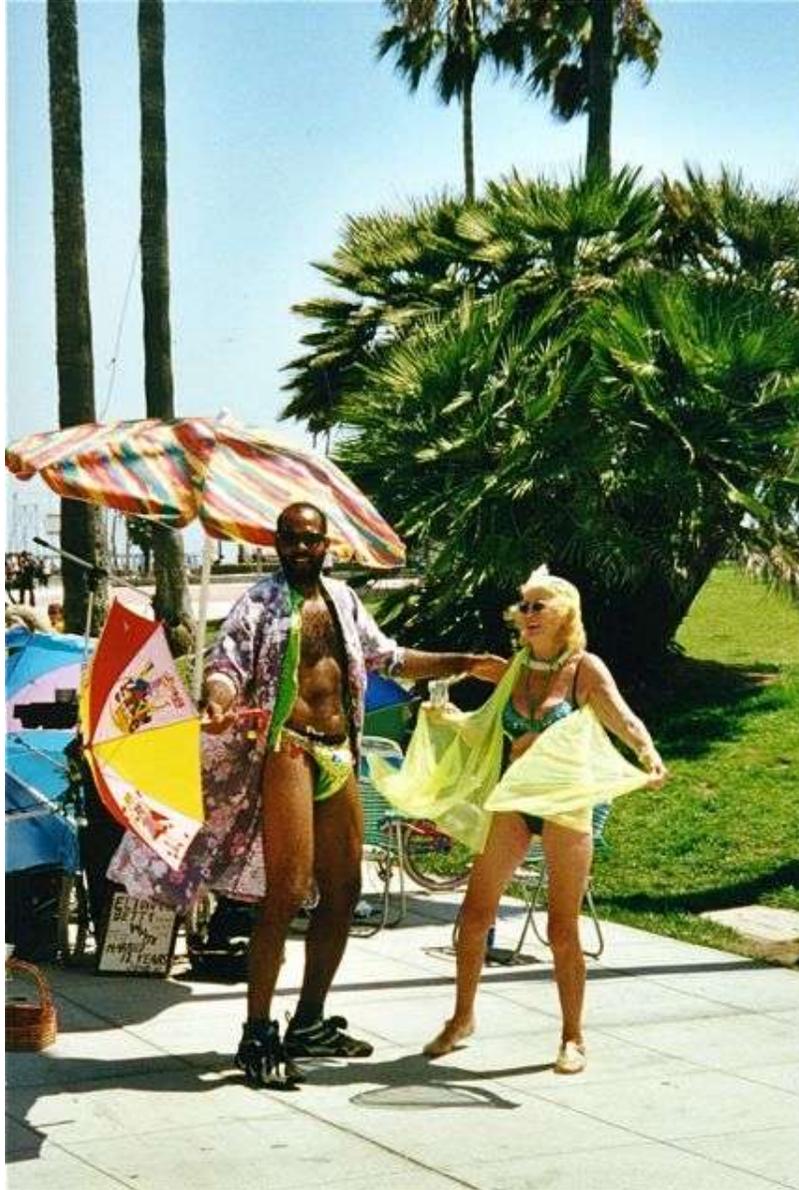

eternalize their hand-prints at Grauman's  
Chinese Theater in Hollywood

and the rich and famous shop at Rodeo Drive in Beverly Hills.

On the flip-side, an utterly eclectic crowd of locals and visitors cruises Ocean Front Walk in Santa Monica on the most innovative means of transportation...

...while at Venice Beach, the seat of America's counter-culture, street artists perform and drum circles beat to the crashing of the waves.

To facilitate your first date with this multi-leveled metropolis, this visual tour will focus on the four most distinct and enigmatic faces of L.A.

The first two faces will explore the source of L.A.'s international fame and global status:  
Hollywood

and Beverly Hills.

The second two will delve into the colorful, relaxed beach cultures of Santa Monica

and Venice.
