Star-Spotting From the Word Go!

Welcome to Alicante! Be it culture or leisure, there is something for everyone in the heart of the Costa Blanca. In this tour you will see some of the city's top attractions...

...such as the Santa Barbara Castle, with its magnificent panoramic views. We'll visit the Mediterranean island of Tabarca, and

also unearth some lesser-known little gems, showing how Alicante really is a jewel in the Spanish crown.

Most people arrive on the Costa Blanca by air, landing at Alicante's El Altet airport, which is undergoing a major expansion at the time of this writing.

When the construction is completed it is expected to be the third largest airport in Spain, and will handle 22 million passengers a year. At the airport you will need to either flag down one of the many waiting taxis, or hire a car - the perfect choice if you are exploring outside the city. There are plenty of delights out there, but that's another story...

Driving along the N-332 main highway, which literally goes from the north coast down to the south, you will get a sense of what awaits you in Alicante... the crystal

azure waters of the Mediterranean shimmer towards the horizon, melding with intensely brilliant blue sky.
