Tour Summary

On this tour you will see the railway station, the Rialto Bridge, the commercial center (with shops full of jewelry, shoes, and clothing), and the weekly markets, where fresh fruits and vegetables arrive - via the Canal - at the quay and the market. Along the Grand Canal you will see magnificent palaces and lovely bridges. Then you venture along picturesque calli, bordered by shops that display precious blown glass objects from Murano and Carnival masks and costumes. In short, you'll see why Venice is unforgettable!

Discover Venice

Venice! One of the most unique places to visit in the world.

It offers intriguing possibilities... you could wander endlessly through its narrow winding streets, the enchanting "calli."

Strolling comfortably and calmly, without having to yield to any car traffic, feels absolutely amazing. This makes your Venice touring experience even more enjoyable.

This tour will take you from the railway station to Rialto Bridge, the commercial center of Venice.

The stores in this area are the perfect place to find unique jewelry, handbags, shoes, clothes, perfume, and more!

Along the Grand Canal there are also the weekly markets: fresh fruit and vegetables arrive via the Canal to the quay.

The market takes place in the morning, Monday to Saturday, until noon. The fish market is from Tuesday to Saturday, during the same hours.

In this tour you will be taken along the magnificent and picturesque Grand Canal.

Discover where majestic palaces display extravagant façades.

Follow us over lovely bridges and along charming calli bordered by shops.

We'll see colorful displays of precious blown-glass treasures from Murano, and joyous Carnival masks and costumes.

And of course there are plenty of inviting little restaurants and quaint coffee bars, for snacks, great espresso or cappuccino - perfect places to relax and take in the beauty and character of Venice.

And don't forget the churches, museums, and theaters - all to be savored and enjoyed.
