# Introduction

Disney's Animal Kingdom is most easily described in a single, invented Swahili word: "Nahtazu."

Although the park is filled with exotic animal life, it is much more than a simple zoo.

Here you can experience amazing thrill rides such as Expedition Everest

and Kali River Rapids,

enjoy a spectacular Broadway-style show at Finding Nemo-The Musical,

or marvel at three-dimensional sound effects in Song of the Rainforest.

Animal Kingdom is extremely large, at over 500 acres,

and most of its best-kept secrets are woven into the park's naturalistic design.

Therefore, it is easy for first-time visitors to walk away with the impression that it is merely a half-day park.

In this tour, a former Cast Member--Disney-speak for employee--will act as your personal guide, teaching you to navigate the park like a pro.

You will learn tips and tricks on saving money and maximizing your time.

Along the way, you will discover hidden secrets and behind-the-scenes magic not always revealed to the general public.
